

***EARTH DAY 2021 – BE THE CHANGE***

**This Earth Day, we are celebrating the people speaking up for nature and making positive changes for our environment.**

**Earth Day was founded 51 years ago when thousands of people came together in the United States to speak up and demand cleaner air and water. In 1990, Earth Day became global when 200 million people in 141 countries spoke up together about global environmental issues.**

**The Coastal Steward Long Island will be celebrating the 51<sup>th</sup> Anniversary of Earth Day by cleaning Smith Point beach. Come celebrate this day by helping to keep our environment, waters and beaches free of debris.**

**Smith Point Beach**

**South End of William Floyd Parkway, Mastic**

**April 24, 2021**

**8:30 am – 3:00 pm**

**Meet at the sign in table past the gates of the park booth towards the entrance of the beach.**

**Gloves, bags, pickup sticks, and snacks will be provide. Please sign up on the website. Community service will be available for anyone actively cleaning the beach. [www.coastalsteward.org](http://www.coastalsteward.org)**

**Suffolk County Parks Dept. COVID guidelines request all volunteers to wear a mask or face covering when not having the ability to keep a 6ft social distance.**
